THE WOMAN WHO MAKES EVEN MORE DREAMS COME TRUE FOR THE WINNERS OF SOME OF THE BIGGEST EVER NATIONAL LOTTERY DRAWS

As the EuroMillions Jackpot Hits £** Tonight, We Chat To The Woman Who
Claims She Has The Best Job In The World And Calls Herself “The Fixer!”***

Inspired by her beach bag being washed out to sea after she popped off for lunch at a Barbados beach café – Amanda Herrera now has what she believes to be “the best job in the world!”

Making even bigger dreams come true for some of the country’s luckiest and richest people is what Amanda gets to do every single day!

Whether it is arranging private jets around the world for pet pooches, meet and greets with some of the biggest and best-known celebrities, luxury road trips around America, private jets to celeb owned islands around the world, cruises to the Antarctica or trips to trek with gorillas, Amanda and her team at “The Fixer” have done it all – and a whole lot more too!

And tonight, as The National Lottery's EuroMillions Jackpot rolls at an incredible ***** Amanda is preparing to make those winning smiles even bigger in her role supporting winners through one of the most life changing moments they are ever likely to experience.

All National Lottery winners receive specialist advice and support – whether or not they choose to share their win publicly – from a team of experts at Allwyn, operators of The National Lottery.

But where “The Fixer” comes in is in helping to turn the big dreams of these winners into reality through their bespoke **millionaire and billionaire concierge service**.

“The Fixer” – a team of nine – has been looking after National Lottery millionaires for just over five years and during this period of time they have received more than 5,000 requests from 600 winners!

Amanda said, “This really is the best job in the world. We are helping people to live and fulfil their dreams following their National Lottery win. Many of these people are just so overwhelmed with excitement at the prospect of what their new life now means – they just don't know where to start and what to do with their new-found fortunes and this is where we can step in to help, reassure and guide them on their journey to living their ultimate dream and fulfilling their bucket list!

“Our role is to ensure they have the best-ever experiences and make incredible memories to last a lifetime.”

During the last five years, “The Fixer” has spent more than £4M chartering private jets for winners, more than 500 trips have been booked for family and friends as winners want to share their joy and celebrate with those closest to them – and an incredible 10,000 miles have been covered flying pet pooches with their owners to some of the most exclusive locations around the world – all because winners haven't wanted their dogs to miss out on the celebrations!

Amanda added, “It can be a daunting experience – it sounds crazy to say – but imagine going from virtually having no money in the bank at all – to suddenly having millions. It is one incredible journey which these winners are embarking on and I feel so honoured to be able to play such an important role in crafting and creating bespoke, unforgettable once in a lifetime experience for these incredibly lucky individuals.

“We aim to make people feel comfortable spending their new-found fortune and this can mean so many different things for different people. It could be anything from paying for life-saving medical treatment abroad which isn't available in this country, to hiring a private pilot and jet to help you to overcome a fear of flying.

“A new designer watch or handbag, a VIP trip to the Grand Prix in Monaco or a VIP world cricket tour, a meet and greet with a superstar or a private showing of Cirque de Soleil on your chosen dessert island – these are all real experiences enjoyed by winners which we have helped to create!”

Andy Carter, the man who has paid out literally billions to the lucky winners of National Lottery draws, added, "With a jackpot of ***** tonight, the winner/winners would be richer than *****"

"The champagne is on ice – and what better way to navigate your way around your new found fortune than with a specialist concierge who can advise and guide you and ultimately book and arrange for yet more dreams – and indeed bespoke dreams - to come true.

"All of our winners are supported by a team of legal and financial experts at Allwyn and The Fixer just adds those finishing touches to that one incredible life-changing moment!"
